1961 GLADIOLUS SEED LIST

With pleasure I present this new edition of hand-pollinated gladiolus seeds produced carefully from selected crosses that should prove exciting. Many thanks is expressed to my past customers for interesting letters that tell of the fine glads coming from seeds originating from this source. One never knows which cross will produce your dream glad, but regardless, your selections from this list become your very own 'babies' to name and grow. Your patience will pay off handsomely in glad thrills. Now that I have a good stock of several choice seedlings to enter in the trial gardens this year, perhaps I may have some to introduce and share with you next year.

PLEASE read carefully before ordering. All packets of seeds are priced at 50¢ each; 12 for $5.00; 25 for $10.00. I give EXTRAS of my own choosing on orders over $3.00, from crosses not listed. The number of seeds per pkt. varies to allow for different values, but the minimum number of seeds per pkt. is indicated in the bracket ( ) following each cross. Please list some substitutes from which I may choose in case I am sold out on any items you order; or I will refund if you prefer. Order by pkt. number, or of names of the crosses wanted. Orders are filled in rotation as received, and will be sent at once. You may order several pkts of the same cross if you wish, but I reserve the right to limit the number of pkts of any one single cross to any one customer if necessary. Order early to avoid disappointment as seeds of some crosses are very limited. I have had requests to list seeds from certain varieties, but the reason they don't appear is not perhaps that I don't grow these varieties, but rather that many fine kinds will not make good seeds if any at all. Crosses marked with an * designates that small or miniature varieties are involved. Seed parent is listed on the left, and pollen parent is on the right.

L1	Alpenrose X Party Ruffles	(10)	L37*	Jealousy X G. Woodpecker	(12)
L2 *	Ambrosia X Candy Kid	(8)	L38*	Jealousy X Pel. D'Oisy	(15)
